**MEMORANDUM**

To: Airport Managers and Sponsors

From: Randall P Burdette, Director  
Virginia Department of Aviation

Subject: **VAB Allocations for April 19, 2006**

This memorandum will provide you with a record of the actions taken by the Virginia Aviation Board at its meeting on April 19, 2006 regarding the allocation of Commonwealth Airport Funds for fiscal year 2006. For approved projects, the VAB tentative allocation was made contingent on the sponsor certifying that local funds are available to support the cost of the proposed development.

The following projects were considered for funding by the Board and action taken as indicated:

Your next step for approved projects is to submit an application to the Department of Aviation (DOAV) that will subsequently lead to a Grant Offer. Please follow the appropriate grant program procedures as outlined in the DOAV publication, *Airport Sponsor Information Guide*. You may also find this information on DOAV's web site ([www.doav.virginia.gov](http://www.doav.virginia.gov)) under Airport Grant Program.

You should now proceed to place approved project(s) under grant as soon as possible. Please be aware, no reimbursement will be made until a grant agreement has been executed between you and DOAV. Also, the VAB may withdraw any tentative allocations for state/local funded projects that are not placed under grant by November 19, 2006.

If your pre-application (or one of your pre-application projects) was disapproved, please contact your assigned airport engineer or planner in order to resolve any outstanding issues. This will allow the best chance for your project to progress.

Should you have any further questions or need assistance, please contact Cliff Burnette, Director Airport Services Division (804/236-3632).
